The most dynamic product here at **AdSpacePRO** is the **AdSpace Share**.

AdSpace Shares is a special type of advertising package that we only offer to

Affiliates of **AdSpacePRO**. These advertising packages help you expand all

of your income streams including your **AdSpacePRO Business**

We actually pay you to advertise with us, here's how...

* When you purchase **AdSpace Shares** you are purchasing a form of advertising service that **AdSpacePRO** provides its members and in return allows you to share in the profit pool which consists of

only profits brought in from the sales of products and services through the AdSpacePRO Website and its affiliates.

Each AdSpace Share costs \$5

When you buy an AdSpace Share you will RECEIVE:

*100 Views To A Web Page *10 Clicks * 1 Directory Listing

You will also RECEIVE a SHARE in the MONTHLY PROFIT POOL,

where we SHARE with the affiliates up to 100% of all our

eligible PROFITS that are generated EVERY MONTH

Heres how that works, each AdSpace Share is going to EARN YOU a MAXIMUM of 150% return on your total amount of AdSpace Share purchases.

We do this by sharing the majority of the profits made here at

AdSpacePRO and adding it to a revenue sharing pool that pays an evenly distributed amount to every share at the end of the month and each month thereafter if necessary until all active shares expire at \$7.50, further compensating everyone for their hard work and effort in learning how to **drive traffic, and run a profitable online business!**

This is powerful stuff here....

As an Affiliate you will have a cap of 20 AdSpace Shares that can be purchased each month, you will learn in the next section how to increase these caps!

100% of all AdSpace Share Purchases is placed into the profit pool.....

KEEP READING....

I know you are probably wondering if you can earn commissions from the sale of **AdSpace Shares** to your entire network of clients...

The answer..... **YES YOU CAN**

When someone in your immediate network of clients purchases **AdSpace Shares** **you will earn 10%** of the total amount of each clients **AdSpace Shares** purchases in the form of **AdSpace Points**.

Which are deposited into your **Account Balance**

At the end of every month all active **AdSpace Points** will each earn a **variable amount** based off the amount in the profit pool. These earnings can be **withdrawn** or used to **purchase more advertising** for your business, including any subscription services that **AdSpacePRO** offers.

4.4 Basic Subscription Commissions

As an affiliate of **AdSpacePRO** you will earn **90% Commissions** on the sale of every single **Basic Subscription Purchase (\$25)** to your entire network of clients which include clients that are passed up to you. You earn **\$22.50**

+

let you keep the profits?

Sounds like it would be pretty sweet right...

Thats because it is..... heres how it works.....

AdSpacePRO will set a target for the month for the
entire AdSpacePRO team to work together to hit.

This target will be displayed at the top of your back office with a status bar
showing you **how close you are as a whole to hitting that target.**

You become eligible to have your **AdSpace Shares PURCHASED FOR YOU**

only if you became an **affiliate** before we hit the target.

Example: If you become an **active AdSpacePRO Affiliate** After Aug 1st and before Aug 31st and we hit the monthly Target for August you will have your monthly limit of AdSpace Shares **PURCHASED FOR YOU for the month of september** if you hit a tier ranking or increase your AdSpaceshare limits in the month you are eligible to have your shares purchased for you, those shares will be activated and purchased for you.

When the shares expire you get to keep the profits that you would have earned as if you purchased the shares yourself. All AdSpace Shares are distributed earnings on the **last day of each month**. The new Target Limit is Reset. **All Bonus Shares Are Activated on the 1st of every month**
